ASHCROFT STATE FORENSIC HOSPITAL

Individual Character Reference Guide — v1.0

Six provisional character appearance studies. The written roles and ages take precedence over generated illustrations. These are visual references, not game-ready meshes or verified turnarounds.

Naomi Bennett

STAFF / Charge Nurse / Early 40s

Appearance: Black woman

Costume: Navy scrubs, comfortable work shoes, ID badge; practical natural hairstyle.

Performance: Warm, direct, observant, professionally authoritative.

Expressions: Neutral / attentive / concerned / reassuring / firm

Locations: Nursing station, corridor, patient care handover

Guardrail: Naomi is the clinical anchor: design should feel lived-in and competent, not ominous.

Evelyn Voss

STAFF / Medical Director / Early 50s

Appearance: Woman; precise and polished appearance

Costume: Tailored charcoal/navy jackets, understated jewelry, neatly styled hair; administrative badge.

Performance: Measured, politically experienced, guarded but not cartoonishly sinister.

Expressions: Composed / skeptical / diplomatic / fatigued / reluctantly candid

Locations: Director office, administrative conference room

Guardrail: Avoid coding villainy through wardrobe or facial features. Her authority is procedural.

Marcus Hale

STAFF / Security Director / Mid 40s

Appearance: Man; practical grooming

Costume: Institutional charcoal security uniform, radio, role-appropriate badge, duty belt limited to plausible props.

Performance: Procedural, patient, skeptical, observant, safety-focused.

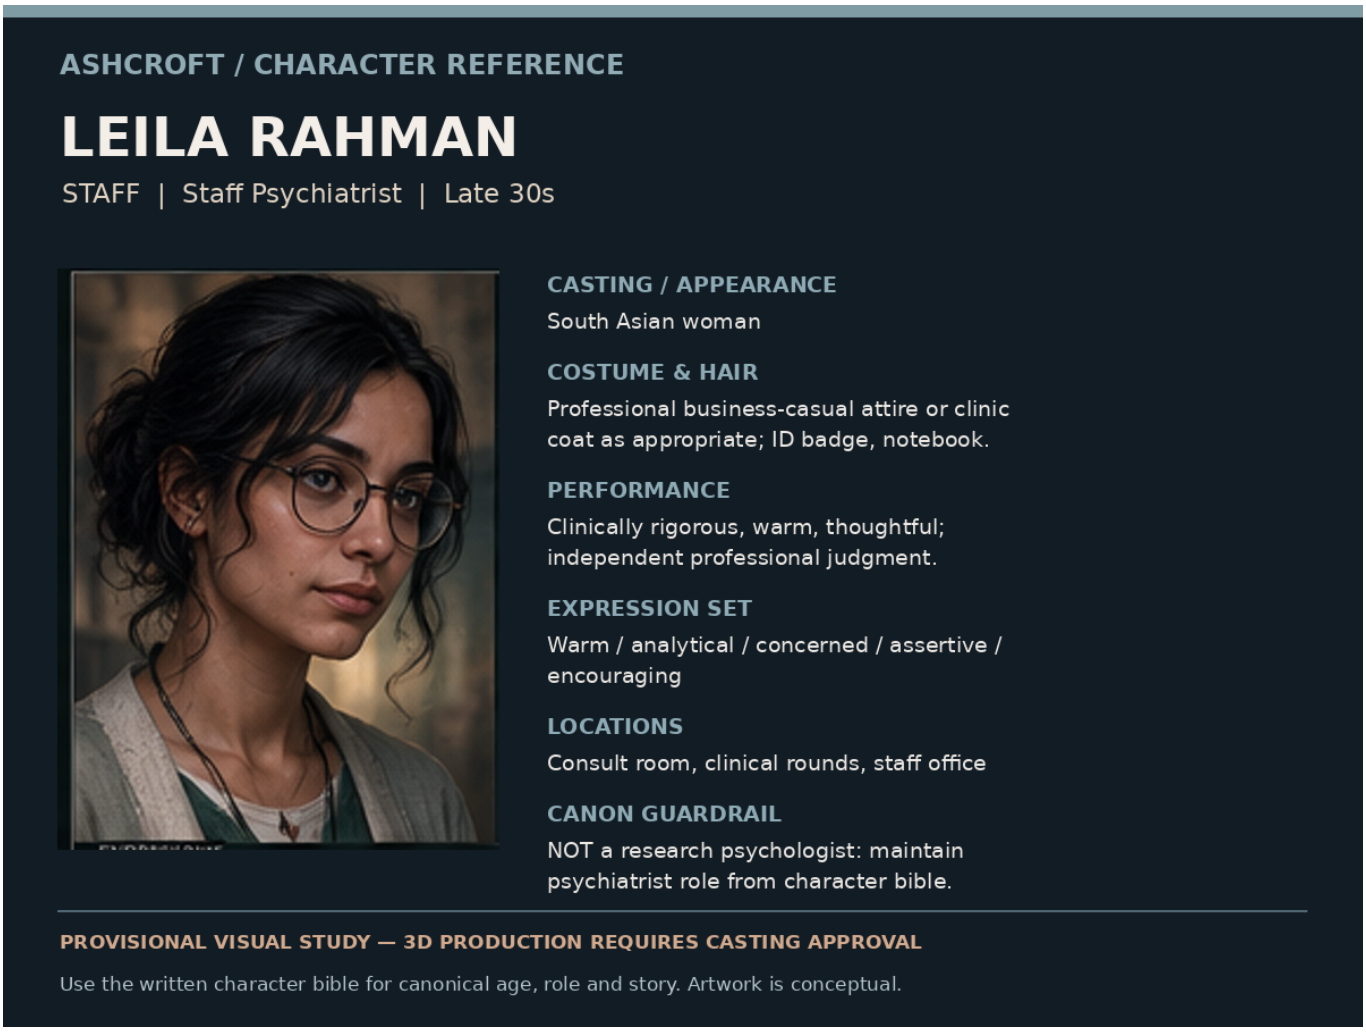

Expressions: Professional / questioning / concerned / resolute

Locations: Security control, main entrance, corridor

Guardrail: Avoid militarized tactical styling. Strong presence without stereotyped aggression.

Leila Rahman

STAFF / Staff Psychiatrist / Late 30s

Appearance: South Asian woman

Costume: Professional business-casual attire or clinic coat as appropriate; ID badge, notebook.

Performance: Clinically rigorous, warm, thoughtful; independent professional judgment.

Expressions: Warm / analytical / concerned / assertive / encouraging

Locations: Consult room, clinical rounds, staff office

Guardrail: NOT a research psychologist: maintain psychiatrist role from character bible.

Elias Ward

PATIENT / Chapter 1 patient / 29

Appearance: Adult man; natural everyday appearance

Costume: Clean, comfortable inpatient clothing without stigmatizing restraints or exaggerated disarray.

Performance: Reduced engagement associated with authored clinical state; ordinary human presentation.

Expressions: Subtle alertness states; medically reviewed movement/posture

Locations: Patient room, assessment area

Guardrail: Do not depict paranormal traits or graphic distress. No diagnosis visually inferred.

Mara Ellis

PATIENT / Chapter 1 patient / 37

Appearance: Adult woman; ordinary, slightly fatigued appearance

Costume: Comfortable everyday clothing/cardigan; simple practical personal items; no horror costume.

Performance: Intelligent, guarded and frustrated by genuine uncertainties; variable rapport.

Expressions: Attentive / guarded / exhausted / reflective / cautiously hopeful

Locations: Interview room, patient spaces, records-related scenes

Guardrail: Documentation discrepancies are not proof of deception or supernatural involvement.
